Dear Chairmen Cole and Blunt and Ranking Members DeLauro and Murray:

On behalf of the 50 undersigned organizations representing the Nursing Community coalition, we respectfully urge you to support **\$157 million for the National Institute of Nursing Research (NINR, National Institutes of Health) in Fiscal Year (FY) 2017**. Collectively, the Nursing Community represents over one million registered nurses, advanced practice registered nurses, nurse faculty, researchers, and students, and is committed to promoting efforts that advance the health of our nation through nursing care. As the demand for scientific innovations to treat and alleviate disease burden increases, it is imperative that we invest into all areas of healthcare research, including nursing science.

For 30 years, scientific endeavors through NINR have been integral to advancing the health of individuals, families, and communities. True to NINR's mission, research projects funded through this institute are aimed at reducing burdensome chronic illness, improving end of life care, and promoting patient-centered care across the life continuum. From this perspective, NINR's unique focus on health promotion and disease prevention provides the cornerstone for advancing health and wellness, including major strategies to address pressing public health initiatives.

We respectfully impress upon you the importance of supporting the future health of our nation by providing \$157 million for the National Institute of Nursing Research. If our organizations can be of any assistance, or if you have any questions, please contact Convener of the Nursing Community, Dr. Suzanne Miyamoto, at [Smiyamoto@aacn.nche.edu](mailto:Smiyamoto@aacn.nche.edu) or 202-463-6930, ext. 247.
