

PARTICIPATE YOUR WAY

As an ACNM Student Member, you can participate based on your schedule and interests.

- **Want to build your network and get more involved?** Become a liaison from your school to the Student and New Midwives Committee.
- **Interested in public health issues?** Join a caucus of like-minded midwives and student midwives.
- **Dreaming of a career in global health?** Find your way now via our global committees, resources, and webinars.
- **Want to create legislative and regulatory change in your state?** Take part in your state affiliate's lobby days or volunteer with ACNM's National Government Affairs Committee, State Government Affairs Committee, or our Political Action Committee.
- **Looking for funds to help support your midwifery education?** Apply to the many opportunities available only to student members through the scholarship and awards program of the A.C.N.M. Foundation, Inc.
- **Hoping to excel in your program?** Make use of ACNM clinical bulletins and other resources.
- **Looking forward to the ACNM Annual Meeting & Exhibition?** Apply to be a student volunteer. Students selected will receive a complimentary registration, as well as the ability to network with other students and midwives. The people you meet might become future colleagues of yours!

Your Journey as a **FUTURE MIDWIFE** *Begins*

YOUR JOURNEY BEGINS

“There is no better way to feel supported and nurtured as a student and a new midwife than to be involved within ACNM. I am a better midwife because I communicate with, connect with, and learn from all of the ACNM members I have the pleasure of working with.”

–Yuliya Labko, CNM, MSN

As a midwifery student, you are training for a deeply rewarding career. No matter what professional setting you choose, you will be improving the lives of women, children, individuals, and families. Not only do midwives provide high-quality evidence-based care, they also make important contributions to reducing health disparities and improving health outcomes. You are the future of midwifery, and your ideas will help move the profession forward.

Maximize your education and future contributions as a member of the American College of Nurse-Midwives (ACNM), midwifery’s leading professional organization. You will connect with a welcoming community of student midwives, new and advancing midwives, and more experienced CNMs/CMs who will understand your perspective and concerns.

ACNM MEMBER BENEFITS

Join today to start receiving your member benefits.

- **Real-Time Connections.** ACNM Connect (our members-only online community) lets you crowdsource answers to your questions and share ideas. Be a part of the Student Community and your State Affiliate Community as well as the Town Hall Community for all members. Join other communities based on your particular interests.
- **Eligibility for Scholarships and Awards.** More than \$50,000 in support is provided yearly to ACNM members by the A.C.N.M. Foundation, Inc.
- **Journal of Midwifery & Women’s Health.** *JMWH* is your gateway to highly respected, peer-reviewed midwifery research and knowledge from leaders in the field.
- **Community.** Through our national office, your state affiliate, your student representative, and Connect, you’ll be supported and welcomed into an inspiring community of midwifery students, new and advancing midwives, and experienced midwives.
- **Stay Informed.** Receive the latest midwifery news, policy and research updates, and timely think pieces in our e-newsletters and magazine.
- **Savings.** Enjoy member discounts on ACNM meetings, products, and CEUs.

JOIN TODAY!

Student membership is normally \$70 for national dues plus your state affiliate dues. More information is available at [midwife.org/Join-ACNM](https://www.midwife.org/Join-ACNM).
